

COMMERCE BODY DOES WOMAN HONOR

Chamber Breaks Precedent in Naming Miss O'Toole Vice Chairman.

SEVEN NEW COMMITTEES

Adopts Resolution to Co-operate in Movement for Suffrage in District.

Seven new standing committees were named by the board of directors of the Washington Chamber of Commerce late yesterday. It was the first meeting of the new elected board and Chamber over which the new president, A. Leftwich Sinclair, presided.

For the first time in the history of the Chamber of Commerce a woman was named vice chairman of a standing committee. She is Miss Mary O'Toole, practicing attorney, notary public, and ardent suffragist. She became a member of the chamber early last year, and has never missed a meeting, although she was always the only woman present. She is vice chairman of a new committee on court, prisons, and reformatories.

Six New Committees.

The other six new committees, with their chairmen and vice chairmen, are as follows: Taxation and assessment, Judge Milton Strasburger, chairman; William H. Saunders, vice chairman; public utilities, Robert N. Harper, chairman; Harry King, vice chairman; insurance, banking, and brokerage, J. B. Henderson, chairman; Wade H. Cooper, vice chairman; police and fire protection, Odell S. Smith, chairman; William B. Hardy, vice chairman; referendums from the Chamber of Commerce, the United States, Chapin Brown, chairman; Claude E. Miller, vice chairman; reception and entertainment, P. J. Heltigan, chairman; E. B. Dean, vice chairman.

A resolution, offered by P. T. Moran, former president, directing the special committee of ten on suffrage to invite co-operation from other organizations in the District for a big mass meeting to appeal to Congress for suffrage here, was unanimously adopted.

Want "Dry" Bill Pushed.

A letter was received from Charles J. Columbus, secretary of the District of Columbia Referendum Association, urging the chamber of have a committee prepared to appear before the District Committee of the House, with committees from other organizations, to urge a referendum on the question of prohibition in the District. The letter was referred to the committee on municipal legislation with instructions to do all in its power to bring about the desired referendum.

At the suggestion of E. C. Graham, a special committee was named to appear before the District Committee of the Senate to urge that a flat charge of \$2 be made for the annual registration of automobiles instead of the graded scale, as proposed by the Commissioners. The opinion of the board was unanimous that annual registration of automobiles is desirable, but it was deemed unfair to tax one car more than another, because of greater horsepower. The committee is as follows: Claude Miller, chairman; Samuel Kimberly, J. G. Capers, D. J. Kaufman, and Joseph A. Berberich.

Attend Fine Arts Meeting.

A letter was read from Glenn Brown inviting the Chamber of Commerce to attend a meeting of the Fine Arts Commission, at Central High School, February 8, and Secretary Tom Grant was directed to send out notices of the meeting to members of selected by the faculty of the Business chamber.

A communication from a committee High School, asking the chamber to aid in procuring a matron and charwoman for the school, was referred to the committee on public schools.

At the suggestion of William F. Gude the time of meeting of the board of directors was changed from 8 o'clock in the evening to 4 in the afternoon.

Re-elected Officers.

Officers of the chamber were re-elected as follows: Tom Grant, secretary; Ralph W. Lee, treasurer; Chapin Brown, counsel.

Tomorrow six more theaters will hold special children's matinees with selected programs. The admission fee will be charged tomorrow. The theaters are: Masonic Temple Auditorium, "Shadows and Sunshine," Circle, "Patchwork Girl of Oz," Dumbarton, "Prince and Pauper," Truxton, "Let Katie Do It," Home, "Little Lady Eileen," and the Blue Mouse, (colored), "The Bugle Call."

Girls! Lots of Beautiful Hair

25 cent bottle of "Danderine" makes hair thick, glossy and wavy.

Removes all dandruff, stops itching scalp and falling hair.

To be possessed of a head of heavy beautiful hair, soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knott's Danderine ointment—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Advt.

CONGRESSMEN TO VISIT MONTICELLO

D. A. R. to Conduct Pilgrimage in Interest of Purchase of Jefferson's Home.

Officers of the National Society of the Daughters of the American Revolution will conduct a congressional pilgrimage to Monticello, home of Thomas Jefferson, at Charlottesville, Va., tomorrow. The visit is to be made to impress upon members of Congress the advisability of buying the famous old estate as a historic landmark. This project was endorsed by President Wilson, Secretary of State Lansing and many other high government officials.

Committee Members to Go.

Members of the House Committee on Public Buildings and Grounds and the corresponding Senate committee also will make the trip.

Mrs. William Cunningham Story, president general of the D. A. R., and other officers of the society also will go. Mrs. Frank Foster Greenawald, vice chairman of the publicity committee of the D. A. R., has issued a statement regarding the visit, which says, in part:

Priceless Relics of Jefferson.

"The owner, former Congressman Jefferson Levy of New York, has recently been prevailed upon to sell to the Government of the United States the understanding that it be preserved as a memorial to the illustrious

Jefferson. Many priceless relics of Jefferson's time, some of these of his own manufacture, are included in the purchase price.

The Daughters of the American Revolution are urging the purchase of Monticello through action of the United States Government from purely patriotic motives. Although their original bill in Congress asked that the Government give their organization the custody of this shrine, they have recently asked that the bill be amended and this request eliminated, in as much as they do not wish their work to appear to have a possible selfish motive underlying it."

WATMOUGH RITES MONDAY

Services To Be Held at St. Paul's Episcopal Church.

The funeral of Rear Admiral James Horatio Watmough, U. S. N., retired, former pay director of the navy, will be held at St. Paul's Episcopal Church, Twenty-third street, Monday at 2 o'clock. Interment will be at Arlington. The Rev. Dr. Robert Talbot will officiate, assisted by the Rev. G. W. Atkinson, Jr., rector of Grace Episcopal Church.

Admiral Watmough, who was in his ninety-fifth year, died at his home, 2144 Wyoming avenue, yesterday morning, after being ill for several days with grip. It is thought that Admiral Watmough was the last survivor of the men who sailed on the Constitution, while that ship was in active service.

The first United States flag hoisted in California was under the direction of Admiral Watmough, when the naval forces landed in that State during the Mexican war.

He is survived by his wife, who formerly was Miss Annie Bowie Harris, of this city, and a daughter by a former marriage, Mrs. E. C. Griffith, of this city.

BANK CLERKS HEAR MILTON HARRISON

Bankers' Association Official Lectures Before Washington Chapter.

"Thrift is just a condition of mind," declared Milton Harrison, secretary of the Savings bank section of the American Bankers' Association, in an address last night before Washington Chapter of the American Institute of Banking at the Raleigh.

"Thrift begins with the individual," Mr. Harrison continued, "and means a proper attitude toward life. It means optimism. American people are too much inclined to be pessimists. It is the success thought that counts. The man who thinks well of the future and who doesn't go about describing horrible scenes for the future, is the kind of a man who makes good."

Has Faith in Country.

"So far as the future of this country is concerned," declared Mr. Harrison, "I have sufficient confidence in American resourcefulness, in Yankee ingenuity, to know that everything will be taken care of in the proper way."

Mr. Harrison suggested four things for the bankers of Washington to consider seriously. These were the observance of February 3 as "thrift day," a "pay-up week," the "daylight

savings plan," and "school savings banks."

Thrift day campaigns have been conducted in other cities most successfully, he said, and stated that the American Bankers' Association has set aside February 3 as the date this year, and advises all banks to conduct

campaigns encouraging savings on this day.

Mr. Harrison's lecture was in connection with the exhibition of the new famous "thrift film," "The Dollar and the Law," which was produced under direction of the American Bankers' Association.
